

**VAPCO PRODUCTS, INC.**

**Safety Data Sheet  
Stick-It**

---

**SECTION 1: Identification**

**GHS Product identifier**

|                |                   |
|----------------|-------------------|
| Product name   | Stick-It          |
| Product number | ST-1, ST-5, ST-55 |
| Brand          | Vapco             |

**Recommended use of the chemical and restrictions on use**

Non-flammable, water-based adhesive

**Supplier's details**

|         |   |
|---------|---|
| Name    | Vapco Products, Inc.  |
| Address | 401 Marshall Road<br>Valley Park, Missouri 63088<br>United States |

|           |                        |
|-----------|------------------------|
| Telephone | (636) 923-2121         |
| Fax       | (636) 923-3002         |
| email     | info@VapcoProducts.com |

**Emergency phone number**

(800) 255-3924

---

**SECTION 2: Hazard identification**

**Classification of the substance or mixture**

**GHS classification in accordance with: OSHA (29 CFR 1910.1200)**

- Acute toxicity, inhalation, Cat. 4
- Eye damage/irritation, Cat. 2A
- Skin corrosion/irritation, Cat. 2
- Sensitization, skin, Cat. 1

**GHS label elements, including precautionary statements**

# Safety Data Sheet

## Pictogram

## Signal word

## Warning

### Hazard statement(s)

|      |                                     |
|------|-------------------------------------|
| H315 | Causes skin irritation              |
| H317 | May cause an allergic skin reaction |
| H319 | Causes serious eye irritation       |
| H332 | Harmful if inhaled                  |

### Precautionary statement(s)

|                |   |
|----------------|---|
| P261           | Avoid breathing dust/fume/gas/mist/vapors/spray.  |
| P264           | Wash hands and other exposed areas thoroughly after handling.   |
| P271           | Use only outdoors or in a well-ventilated area.   |
| P272           | Contaminated work clothing must not be allowed out of the workplace.  |
| P280           | Wear eye protection/face protection/protective gloves.  |
| P302+P352      | IF ON SKIN: Wash with plenty of water and mild soap.  |
| P304+P340      | IF INHALED: Remove person to fresh air and keep comfortable for breathing.  |
| P305+P351+P338 | IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. |
| P312           | Call a POISON CENTER/doctor if you feel unwell.   |
| P321           | Specific treatment (see First Aid on this label).   |
| P332+P313      | If skin irritation occurs: Get medical advice/attention.  |
| P333+P313      | If skin irritation or rash occurs: Get medical advice/attention.  |
| P337+P313      | If eye irritation persists: Get medical advice/attention.   |
| P362+P364      | Take off contaminated clothing and wash it before reuse.  |
| P363           | Wash contaminated clothing before reuse.  |
| P501           | Dispose of contents/container to the specifications of local, regional, national, and international regulations.                |

## SECTION 3: Composition/information on ingredients

### Mixtures

#### Hazardous components

##### 1. 2-OCTYL-3-ISOTHIAZOLONE

|               |                    |
|---------------|--------------------|
| Concentration | 0.1 - 1 % (weight) |
| EC no.        | 247-761-7          |
| CAS no.       | 26530-20-1         |
| Index no.     | 613-112-00-5       |

##### 2. Reaction mass of: 5-Chloro-2-methyl-4-isothiazolin-3-one and 2-Methyl-2H-isothiazol-3-one (3:1)

|               |                       |
|---------------|-----------------------|
| Concentration | 0.01 - 0.1 % (weight) |
| EC no.        | —                     |
| CAS no.       | 55965-84-9            |
| Index no.     | 613-167-00-5          |

## Safety Data Sheet

### 3. Methylchloroisothiazolinone

Concentration 0.01 - 0.1 % (weight)  
EC no. 247-500-7  
CAS no. 26172-55-4

### 4. 2-Methyl-2H-isothiazol-3-one

Concentration 0.01 - 0.1 % (weight)  
EC no. 220-239-6  
CAS no. 2682-20-4  
Index no. 613-326-00-9

---

## SECTION 4: First-aid measures

### Description of necessary first-aid measures

|                         |  |
|-------------------------|--|
| General advice          | Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).  |
| If inhaled              | First, take proper precautions to ensure your own safety before attempting rescue (e.g. wear appropriate respiratory protective equipment, use the buddy system), then remove the exposed person to fresh air. Keep at rest in a position comfortable for breathing. Get medical advice/attention. |
| In case of skin contact | Immediately drench affected area with water for at least 15 minutes. Obtain medical attention if irritation develops or persists. Immediately take off all contaminated clothing.  |
| In case of eye contact  | Immediately rinse with water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Obtain medical attention if irritation develops or persists.   |
| If swallowed            | Rinse mouth. Do NOT induce vomiting. Obtain medical attention.   |

### Most important symptoms/effects, acute and delayed

**Symptoms/Injuries:** Harmful if inhaled. Causes eye and skin irritation.

**Symptoms/Injuries After Skin Contact:** Contact can cause skin irritation. Dermatitis may occur due to long-term irritation.

**Symptoms/Injuries After Eye Contact:** Contact causes eye irritation with redness and tearing. Contact with liquid escaping the container can cause eye damage.

### Indication of immediate medical attention and special treatment needed, if necessary

If exposed or concerned, get medical advice and attention. If medical advice is needed, have product container or label at hand.

---

## SECTION 5: Fire-fighting measures

### Suitable extinguishing media

Water spray, fog, carbon dioxide (CO<sub>2</sub>), alcohol-resistant foam, dry chemical, or sand. Use appropriate media for surrounding fire.

### Specific hazards arising from the chemical

## Safety Data Sheet

None known.

### Special protective actions for fire-fighters

**Precautionary Measures Fire:** Exercise caution when fighting any chemical fire.

**Firefighting Instructions:** Use water spray or fog for cooling exposed containers. Do not breathe fumes from fire or vapors from decomposition. Do NOT fight fire when fire reaches container. Evacuate area.

**Protection During Firefighting:** Do not enter fire area without the proper protective equipment, including respiratory protection.

**Hazardous Combustion Products:** Carbon oxides, nitrogen oxides, hydrogen sulfide, and phosgene.

---

## SECTION 6: Accidental release measures

### Personal precautions, protective equipment and emergency procedures

**General Measures:** Do not get in eyes, on skin, or on clothing. Do not breathe vapors, spray, mist, gas. No smoking.

#### For Non-Emergency Personnel

**Protective Equipment:** Use appropriate personal protective equipment (PPE).

**Emergency Procedures:** Evacuate unnecessary personnel. Stop leak if safe to do so.

#### For Emergency Personnel

**Protective Equipment:** Equip cleanup crew with proper protection.

**Emergency Procedures:** Evacuate unnecessary personnel, isolate, and ventilate area. Upon arrival at the scene, a first responder is expected to recognize the presence of dangerous goods, protect oneself and the public, secure the area, and call for the assistance of trained personnel as soon as conditions permit.

### Environmental precautions

Do not allow to enter drains and waterways.

### Methods and materials for containment and cleaning up

**For Containment:** Ventilate area. Contain any spills with dikes or absorbents to contain spill. As an immediate precautionary measure, isolate spill or leak area in all directions. Prevent further leakage or spillage if safe to do so.

**Methods for Cleaning Up:** Clean up spills immediately and dispose of waste safely. Take up liquid spill into absorbent material. Transfer spilled material to a suitable container for disposal. Contact competent authorities after a spill.

**Waste Disposal:** Dispose of in accordance with local, regional, national, and international regulations.

### Reference to other sections

See Section 8 for exposure controls and personal protection and see Section 13 for disposal considerations.

---

## SECTION 7: Handling and storage

### Precautions for safe handling

Do not handle until all safety precautions have been read and understood. Avoid contact with skin, eyes and clothing. Do not breathe gas, mist, spray, vapors. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Keep out of reach of children. Handle in accordance with good industrial hygiene and safety procedures.

### Conditions for safe storage, including any incompatibilities

**Technical Measures:** Comply with applicable regulations.

**Storage Conditions:** Store in a dry, cool place. Keep only in the original container in a cool, well-ventilated place away from ignition sources. Protect from sunlight. Keep/Store away from direct sunlight, extremely high or low temperatures and incompatible materials. Protect from freezing. Store locked up/in a secure area. Keep container tightly sealed when not in use.

**Incompatible Materials:** Strong acids and bases, strong oxidizing agents, materials that react with plastics.

## Safety Data Sheet

### SECTION 8: Exposure controls/personal protection

#### Appropriate engineering controls

Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure. Ensure adequate ventilation, especially in confined areas. Provide local exhaust ventilation where dust or mist may be generated. Ensure compliance with applicable limits. Ensure all local, regional, national, and international regulations are observed.

#### Individual protection measures, such as personal protective equipment (PPE)

##### Pictograms

##### Eye/face protection

Chemical safety glasses.

##### Skin protection

Wash hands and clothing in contact with product after use.

##### Respiratory protection

Wear NIOSH approved respiratory protection if used in confined, poorly ventilated areas.

### SECTION 9: Physical and chemical properties and safety characteristics

#### Basic physical and chemical properties

|  |  |
|--|--|
| Physical state   | Liquid   |
| Appearance   | Thick liquid   |
| Color  | White  |
| Odor   | Mild to no odor  |
| Odor threshold   | N/D  |
| Melting point/freezing point                             | 32 °F  |
| Boiling point or initial boiling point and boiling range | 212 °F   |
| Flammability   | Not considered a flammable liquid by OSHA (29 CFR 1910.1200) |
| Lower and upper explosion limit/flammability limit       | N/D  |
| Flash point  | N/D  |
| Auto-ignition temperature                                | N/D  |
| Decomposition temperature                                | N/D  |
| pH   | N/D  |
| Kinematic viscosity                                      | N/D  |
| Solubility   | Completely soluble in water                                  |
| Partition coefficient n-octanol/water (log value)        | N/D  |
| Vapor pressure   | 23.8 mm Hg at 77°F (   |
| Evaporation rate   | > 1  |
| Density and/or relative density                          | 1.01   |
| Relative vapor density                                   | 1 at 77°F  |

#### Particle characteristics

## Safety Data Sheet

N/A

### Supplemental information regarding physical hazard classes

N/D

### Further safety characteristics (supplemental)

N/D

---

## SECTION 10: Stability and reactivity

### Reactivity

None known.

### Chemical stability

The product is chemically stable.

### Possibility of hazardous reactions

Hazardous polymerization does not occur.

### Conditions to avoid

Do not mix with strong acids.

### Incompatible materials

Strong acids and bases, strong oxidizing agents, materials that react with plastics.

### Hazardous decomposition products

Stable under normal conditions.

---

## SECTION 11: Toxicological information

### Information on toxicological effects

#### Acute toxicity

Not established.

#### Skin corrosion/irritation

Contact can cause skin irritation. Dermatitis may occur due to long-term irritation. May cause dryness and cracking.

#### Serious eye damage/irritation

Contact causes eye irritation with redness and tearing. Contact with liquid escaping the container can cause eye damage.

#### Respiratory or skin sensitization

Contact can cause skin irritation. Dermatitis may occur due to long-term irritation. May cause dryness and cracking. Inhalation exposure not likely.

#### Germ cell mutagenicity

Not established.

#### Carcinogenicity

None known.

## Safety Data Sheet

### Reproductive toxicity

Not established.

### STOT-single exposure

Not established.

### STOT-repeated exposure

Not established.

### Aspiration hazard

Not established.

---

## SECTION 12: Ecological information

### Toxicity

Not established.

### Persistence and degradability

Component or components of this product are not biodegradable.

### Bioaccumulative potential

This product is not expected to bioaccumulate.

### Mobility in soil

This product is not mobile in soil.

### Other adverse effects

None known.

---

## SECTION 13: Disposal considerations

### Disposal methods

#### Product disposal

Dispose of the contents/container in accordance with local, regional, national, and international regulations. Solidify and dispose of in an approved landfill. Consult state, local or regional authorities for more restrictive requirements.

#### Waste treatment

Product should be fully characterized prior to disposal (40 CFR 261).

#### Other disposal recommendations

Container may remain hazardous when empty. Continue to observe all precautions. Do not puncture or incinerate container.

---

## SECTION 14: Transport information

### DOT (US)

Not dangerous goods

### IMDG

Not dangerous goods

# Safety Data Sheet

## IATA

Not dangerous goods

---

## SECTION 15: Regulatory information

### Safety, health and environmental regulations specific for the product in question

#### California Prop. 65 Components

None

#### CERCLA (Comprehensive Response Compensation, and Liability Act)

None

#### Clean Water Act

None

#### SARA 311/312 Hazards

None

#### SARA 313 Components

None

#### Toxic Substances Control Act (TSCA) Inventory

All chemicals are listed or exempt.

#### HMIS Rating

| Stick-It            |   |
|---------------------|---|
| HEALTH              | 1 |
| FLAMMABILITY        | 0 |
| PHYSICAL HAZARD     | 0 |
| PERSONAL PROTECTION | A |

#### NFPA Rating

## SECTION 16: Other information

N/A = Not applicable; N/D = Not determined

### Further information/disclaimer

## **Safety Data Sheet**

To the best of our knowledge, information contained herein is accurate. However there is no assumption of liability for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazard which exists. The information contained in this SDS was obtained from current and reliable sources; however, the data is provided without warranty, expressed or implied, regarding its correctness or accuracy. Since the conditions of handling, storage and disposal of this product are beyond the control of the manufacturer, the manufacturer will not be responsible for loss, injury, or expense arising out of the product improper use. No warranty, expressed or inferred, regarding the product described in this SDS shall be created or inferred by any statement in this SDS. Various government agencies may have specific regulations regarding the transportation, handling, storage, use, or disposal of this product which may not be covered by this SDS. The user is responsible for full compliance.
